**SPIFF Terms\***: Valid for qualified customers on “as-is” renewals only administered by partner through the WE Connect Partners portal. Upsells, migrations and any offers extended outside of the WE Connect Partners portal, including any other types of renewals, are excluded. Incentive reflects maximum payout to partner. Agents with a master partner agreement should refer to your master program agreement for more details. Credits that exceed \$25,000 require additional approval. Customer termination of service(s) prior to the start of the renewal term may result in a chargeback of any partner upfront offer incentives and renewal credits.
