AGILEBLUE CERULEAN AI

AgileBlue Partner Incentive
FOR DEALS CLOSING IN Q4 2024

Swing for the Win! Secure a Round of Golf with Pro Golfer Barend Botha!

Dreaming of hitting the links with a pro? Now's your chance! Win an all-expenses-paid round of golf with Barend Botha, AgileBlue's sponsored pro golfer, on a championship-level course in a warm, sun-soaked destination. Event's location and date will be finalized based on Barend's availability.

How to Qualify:

- Close a deal of at least **$4,200 MRR or $50,000 incremental ARR with a 36-month commitment by December 31, 2024.**

- All deals must be registered with your TSD to qualify, with deal protection ensuring the biggest discounts for your clients.

The AgileBlue **Difference**

Proactive Risk Visibility & Scoring

Our proprietary algorithms continuously scan your external and internal attack surfaces, identifying vulnerabilities and providing a detailed action plan to score your risk and close security gaps.

AI-Powered Automation

Say goodbye to tedious manual tasks and overwhelming data analysis. Our advanced algorithms correlate essential data to detect, analyze, and respond to threats, allowing your security team to focus on strategic decision-making.

### AI-Powered SOAR Built from the Ground Up

We built our AI-powered SOAR technology from the ground up, designed to effectively orchestrate and autonomously respond to cyber threats across endpoints, networks, and the cloud. With seamless, native integrations, our solution is entirely AI-driven and user-friendly, eliminating the need for clunky add-ons.

Support & Customer Service

We leave the automation to our tech, and our team is always ready for any help you need. We'll break down the info when you're in a crisis, and in between you'll get consistent update meetings, one-on-one support, and quick access to real people when you need them.

AI-Powered Threat & Response Platform

24/7 U.S. Based SOC

Reduce Vendor Sprawl With 7 Critical SecOps Modules in One Single Platform

The AgileBlue Cerulean AI platform offers a comprehensive, all-in-one solution, incorporating a 24/7 Security Operations Center (SOC), Security Information and Event Management (SIEM), Security Orchestration, Automation, and Response (SOAR), and eXtended Detection and Response (XDR)| Endpoint Detection and Response (EDR) technologies. With ongoing external and internal scanning, we identify vulnerabilities and address gaps in your cybersecurity strategy. Our platform is rapid at detecting cyber threats in the cloud, networks, APIs, and endpoints

Your Partner in CyberSecurity Excellence

We are here to support you in enhancing your expertise in selling top-notch cybersecurity solutions. Our team is dedicated to providing you with the resources, training, and guidance you need to succeed. Whether you need technical insights, marketing materials, or one-on-one support, we're committed to helping you achieve your sales goals and become a trusted advisor in the cybersecurity industry.
