More Offer Details

Customers who ordered DDoS Shield Emergency Response+ receive promotional benefits equivalent to 50% of the non-recurring charge shown in their agreement if they purchase Verizon DDoS Shield Services within 60 days following the execution of the DDoS Shield Emergency Response+ agreement.

Feature Options

Customers ordering DDoS Shield for the first time receive a promotional credit of \$1,250 USD applied to the Monthly Recurring Charge (MRC) for the DDoS Shield feature for the first 12 full invoice periods.

- The promotional credit is applied to the first invoice for the first full billing month and to each of the subsequent 11 invoices.
- The first invoice may include a partial prorated billing period where the promotional credit does not apply.
- After the promotional invoice period, customers are invoiced for the MRC without the credit for the remaining Service Commitment period.
