

# Network EVOLUTION promotion details (1 of 2)

Offer valid: 5.13.24 - 12.31.24

Targets customers that have low speed Private IP (1 Mbps to 50 Mbps) ports. Allows customers the opportunity to migrate to our Secure Hybrid Network solution, which combines the cost and availability of the public internet with the consistency of performance and security offered with private networking.  
All at a lower monthly cost for these customers!

The promotion will provide invoice credits, per each customer site, to help cover part or all the cost of the CPE required to migrate from Private IP to Secure Hybrid Network. Flexibility to offer Secure Hybrid Network (20 Mbps or 50 Mbps) only or bundle with Verizon FWA service.

Term	Secure Hybrid Network only (BYOBB) Credit	Secure Hybrid Network +FWA Credit
<b>2 year</b> <sup>(min)</sup>	<b>\$1,257</b>	\$1,257 (SHyN) + \$915 (FWA) = <b>\$2,172</b>
<b>3 year</b>	<b>\$2,514</b>	\$2,514 (SHyN) + \$1,829 (FWA) = <b>\$4,343</b>

**Stack with the NaaS Quick start promo, which can provide up to two free months of Secure Hybrid Network Service!**

## Network EVOLUTION promotion details (2 of 2)

Customers who order Secure Hybrid Network alone or with Verizon FWA will receive billing invoice credits for each eligible customer site, for the following amounts:

- Secure Hybrid Network 20 Mbps or 50 Mbps ports ( includes required license)
  - 2 year Term = **\$1,257**
  - 3 year Term = **\$2,514**
- Secure Hybrid Network 20 Mbps or 50 Mbps ports with 25 Mbps or 50 Mbps Verizon FWA (includes required license)
  - 2 year Term = \$1,257 (SHyN) + \$915 (FWA) = **\$2,172**
  - 3 year Term = \$2,514 (SHyN) + \$1,829 (FWA) = **\$4,343**
