

Let's Connect

**SPECIAL OFFER**

Replace your POTS lines for as little as
\$45/month!

Save up to **75% today!**

Worry-free connections that **save you money.**

Immediate cost savings

The cost of copper landline connections is skyrocketing. Fusion Connect helps our customers save money from day one of their migration project—and even more after migration is complete.

Migrate with confidence

A repeatable and reliable process, with dedicated project management, ensures a smooth migration.

Long term peace of mind

Our solution includes redundant wireless connectivity with integrated 24-hour battery backup. Monitoring after migration ensures everything continues to run smoothly.

Speak with our Tech Experts

We are here to ensure a seamless transition.

Let's Connect!

Migrate alarms, elevators, & security lines

Our solution works with your critical systems and existing wiring while providing full E911 access.

100% US-based support

Fully US-based support ensures we are ready to respond quickly and solve problems confidently.

Standardize your network

Simplify your network architecture by consolidating communications on your existing IP network.

Regulatory Compliance

Our solutions are designed to meet your compliance and NFPA 72 requirements.

▶ Can I lock in the promotional rate if I'm not ready to migrate yet?

▶ Are there any additional costs in addition to the monthly rate?

▶ Are prices based on the number of lines at a location, or the total number of lines?

▶ Is there a limit on the number of lines at a location?

▶ Will this disrupt my operations?

▶ * Terms & Conditions

Everything is working, why migrate now?

POTS relies on copper wires—think of them as the old, creaky pipes of the communication world. It's time to replace them with a modern alternative.
