

UJET FY25 High Flyer Spiff Program

Let's Fly Together

Let's drive engagement and get results! What makes UJET different?

- Customers who place a high priority on **Security & Compliance**, since we don't house any PII in our system. Everything is housed in the Customer's CRM via real-time data exchange.
- Customers looking for tight **CRM integrations** w/ our out-of-box integrations w/ Salesforce, Kustomer, Freshdesk, Oracle, ServiceNow, Microsoft, Zendesk, & Hubspot.
- **High availability & reliability** - our active-active-active architecture with load-balancing between multiple GCP zones and PSTN failover between multiple carriers has allowed us to maintain the best uptime in the industry. No service-affecting disruptions in almost 3 years!
- Easy-to-implement & industry-leading **AI capabilities**.
- The **best implementation & support** teams in the CX/AI space.
- Tight **Google** partnership & engagement - reminder that a customer can satisfy their Google spend commitment by acquiring UJET through the Google Marketplace!

"UJET is a great customer experience platform that I like for its omnichannel approach, which allows integrating different communication channels in one place. Its advantages include an easy-to-use interface, personalizing the customer experience, and analytics tools to improve service. In addition, its flexibility and scalability are strengths that stand out in the customer service arena."
