

LIMITED TIME PROMOTION

Power Your Future

At Centersquare, we flex to support you.

With the surge in demand for colocation services, we've invested over \$150M in our 72 facilities unlocking massive capacity to power your business. Whether you are looking to recalibrate workloads from the cloud into the data center or advance your business with AI, we're ready for you. And now through September 30th, you can lock in this capacity with promotional monthly rates and waived setup fees.

- Standard installation only - see the Bundled NRC Guide for details on what is included and what is extra.
- New and Existing customers are eligible, but only on net new power allocations.
- Limit of 250kW for All-In or a minimum CEC of 250kW for +E aggregate per site and customer.
- Deal must sign by September 30, 2025.
