1X MRR on Enzu Single and 2 Node Private Cloud Solutions

Boost Your Sales & Earnings with Enzu's New Single and Two Node Private Cloud Solutions designed for customers looking for VMware alternatives.

Enzu has introduced **three new single and two node private cloud solutions** that offer customers the right fit at every stage of growth. These solutions are designed to offer VMware customers an affordable alternative without software licensing fees.

- **Private Cloud Core:** Targeting customers who have less than 10 VM's. A streamlined solution for labs, test and development, or dedicated workloads that need simplicity and focus.
  - *Starting at $649/month single node*
  - *Started at $1298/month two node*
- **Private Cloud Professional:** Targeting customers who want up to 20 VMs. High availability and redundancy for organizations that want resiliency without the cost and complexity of larger clusters.
  - *Starting at $819/month single node*
  - *Starting at $1638/month two node*
- **Private Cloud Elite:** Targeting customers who need more than 20 VM's and higher performing resources.
  - *Starting at $999/month single node*
  - *Starting at 1998/month two node*
