

1X MRR on Enzu's NEW Single and Two node Private Cloud Solutions

Boost Your Sales & Earnings with Enzu's New Turnkey TruCloud Private Cloud Solutions designed for customers looking for VMware alternatives.

Enzu has introduced **three new private cloud solutions to our TruCloud portfolio** that offer customers the right fit at every stage of growth. These solutions are designed to offer VMware customers an affordable alternative without software licensing fees.

- **TruCloud Core:** Targeting customers who have less than 10 VM's. A streamlined solution for labs, test and development, or dedicated workloads that need simplicity and focus.
 - *Starting at \$649/month single node*
 - *Started at \$1298/month two node*
- **TruCloud Professional:** Targeting customers who want up to 20 VMs. High availability and redundancy for organizations that want resiliency without the cost and complexity of larger clusters.
 - *Starting at \$819/month single node*
 - *Starting at \$1638/month two node*
- **TruCloud Elite:** Targeting customers who need more than 20 VM's and higher performing resources.
 - *Starting at \$999/month single node*
 - *Starting at 1998/month two node*
